Home | End User Guides | Calling User Portal - Call History

What you need to know:

The Call History feature provides a detailed report of your missed, placed, and received calls. This feature can be configured from the Calling User Portal.

Introductionback to top

Introduction

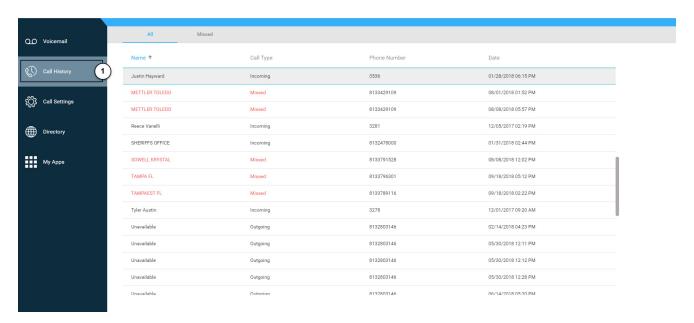

The Call History feature provides a detailed report of your missed, placed, and received calls.

This feature can be configured from the Calling User Portal.

Note: Only the site administrator can setup users in the Calling User Portal. Ask your site administrator if you do not have access into the Calling User Portal.

To view a **Call History** report of your number:

- 1. From the Calling User Portal portal, click on the Call History page.
- 2. From here, you will be able to view you incoming, outgoing and missed calls.
